

BSDCC Agility World Team Regulations & Team Selection Criteria for the 2022 FMBB World Agility Championship

The Belgian Shepherd Dog Club of Canada (BSDCC), in collaboration with the Canadian Working Belgian Shepherd Association (CWBSA), may select a team of up to 8 dogs to attend the Fédération Mondiale du Berger Belge (FMBB) World Agility Championship (WAC). All expenses will be the responsibility of each dog's handler.

Rules for the competition will be based upon the FMBB/Fédération Cynologique Internationale (FCI) rules in effect at the FMBB World Agility Championship. These rules may change between the time this document is released to the time the event takes place. Examples of possible changes include changes to jump and A-frame heights, course and equipment judging methods, and rules on handler eligibility.

BSDCC Agility World Team (AWT) - The top 8 eligible dog/handler teams from submitted CKC/AAC/UKI events (see eligible events and point system below) will earn positions on the team to run in the FMBB WAC Individual events. There may also be a maximum of 2 alternate positions. The top 4 eligible dog/handler teams will also compete in the FMBB WAC Team events.

Who Can Apply - A "Team" shall be considered, for purpose of these rules, to be an owner/handler or a co-owner/handler and a Belgian Shepherd Dog that meets the requirements listed here and in the current FCI Agility Regulations. A "Candidate/Dog/Handler Team" is the owner/co-owner/handler that intends to compete for a position on the BSDCC AWT. This person is the primary handler that has trialed the dog during the trialing calendar year, and is a member of the CKC and BSDCC. All Teams must meet the AWT Selection Criteria and Basic Eligibility information listed below.

How to Apply - Submit the following information, along with a \$200 entry fee, to the BSDCC AWT Committee Chairperson by **March 1, 2022**. If a handler is submitting applications for two dogs, the fee is \$200 for the first dog and \$150 for the second dog. (Note: Please submit copies of original certificates.)

- Application Form
- Entry Qualification Form
- FCI recognized scorebook
- CKC membership number
- CKC registration certificate
- Rabies vaccination certificate*
- Photo of dog with handler

Failure to send a completed package may constitute a rejection of a Team position. Members who are not selected for the team will have their \$200 entry fee refunded once the final team is selected.

* **NOTE:** A successful candidate must provide proof that their dog has a valid rabies vaccine, and any other vaccination required by the host country, and that the vaccinations will be current and valid on the dates of the 2022 FMBB WAC. This proof must be provided at least two months prior to the 2022 FMBB WAC.

AWT Selection Criteria - A Team must submit an Entry Qualification Form with their qualifying scores and AWT points earned at selected CKC, AAC and/or UKI agility events. AWT positions will be filled based on a

combination of the average YPS of each qualifying score submitted and the points earned on those qualifying scores, according to the criteria below. A tie will be broken by the highest average YPS score. If there is still a tie, then it may be decided by a vote of the BSDCC AWT Committee. The minimum entry requirement is 10 points, and the maximum that will be considered is 50 points.

- Scores must be from the 24" jump height.
- Clean round scores will take precedence over faulted scores.
- Scores may be combined from any of the agility venues' regular trialing events listed below.
- Scores must be obtained between January 1, 2019 and March 1, 2022.
- All times and yards per second (YPS) listed shall be rounded to the 2nd decimal place (suggested minimum JWW YPS is 4.50).
- The applicant must be the handler who showed the dog in the events submitted.
